Year 9 - Options Pathways Evening 23rd January 2018

We will soon be asking students to make their final options choices. Our key aim throughout is to offer a balanced curriculum to all students which will support them in their future career aspirations. The options pathways evening is designed to give parents information regarding the subject choices available.

There will be a presentation delivered and an opportunity to ask any questions that you may have. Parents and students will also have the opportunity to attend presentations by key subjects to gain more information about the courses on offer. Careers advisors will be in school and there will be a talk on employability, describing the opportunities available in the locality. Senior Staff will also be available to talk to individual parents / students.

We have grouped students to enable us to deliver the presentation to everyone but also to target similar students with a suitable curriculum offer. Please follow the itinerary below for the group that your child is in to ensure that the presentations/sessions are not overcrowded.
