Re: Y10 German and Spanish

Dear Parents / Carers,

It was lovely to see so many of you at our Y10 curriculum evening this week.

Following this, please see the information below for current Y10 students of MFL, as they move into Y11.

- Students have covered Modules 1 – 5 this year In German and Spanish and should recap the vocabulary from these modules over the summer (modules 1 – 5 vocab lists attached for information)
- Modules 6 – 8 will be completed September to February of Y11 (attached for information)
- I have also attached the structure of the exam handout from the curriculum evening.
- If you would like to buy the exam practice workbooks, please only purchase the following books (not revision guides) from Parent Pay/Amazon:

- **CGP GCSE AQA 9-1 Spanish Exam practice workbook**
- **CGP GCSE AQA 9-1 German Exam practice workbook**

As with all subjects, 'little and often' is essential for revision. Students should learn vocabulary weekly by using their vocab books, exercise books or quizlet.com; the more vocab they know, the more questions they can answer!

Please don't hesitate to contact me if you have any questions.

Have a lovely summer.

Best wishes,

Mrs S Gent

Director of Ebacc
